Attention DENTAL providers creating cases for D4341 and/or D4342:

For each quadrant being requested, you must create a procedure line (IE: 4 quadrants will require 4 procedure entries). Then for each procedure line, you must choose the quadrant requested for that procedure line:

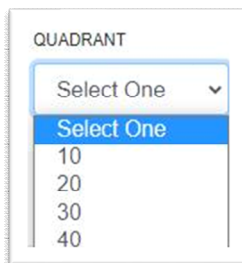

QUADRANT	QUADRANT	quad 10 = quad 1 or upper right (UR)
Select One ⌄	Select One ⌄	quad 20 = quad 2 or upper left (UL)
	Select One	quad 30 = quad 3 or lower left (LL)
	10	quad 40 = quad 4 or lower right (LR)
	20	
	30	
	40	

You may see the error message below. However, once you select the quadrant, this error message will resolve, and you will be able to complete your submission.

⌃ Reminder

Error Messages:
Please select a Quadrant before submitting.
